

Roads Water Sewer Report October 12 2012

Roads: There were no issues reported with the roads.

Water: Water samples were taken and returned as scheduled.

The boil order remains in effect.

Acumen engineering is working with Rosewater to determine our next steps to bring our plant into operational mode.

Sewer: Waste water samples were taken as scheduled.

The quarterly reports were compiled and sent as required.

Power meters were read and submitted as required.

Water to the schoolhouse bathroom was turned off, drained and antifreeze was added to the toilet.

The structure to provide shelter at the cluster boxes has been installed.

Thank you Chuck Grooms RWS FPOA
