- Adjournment was at 6:10 PM

Next Monthly Meeting will be Tuesday November 14th, 2017 at 6 pm  
at the Floriston School House

President's Monthly Letter

October 10th, 2017

Hello Floriston,

- Summer has come and gone rather quickly as it always does and now we are moving into a cooler season. Be prepared because we are likely to have another snow and rain season like we did this year.

- I mentioned this in my letter last month but I'm going to reiterate it again for everyone's safety.

PLEASE, PLEASE! don't leave any trash or eatable garbage hanging around your house that the bears would have easy access to. This will keep them coming back time and again.

If they know that there is always something for them to eat at your house it will eventually bring them into your house and someone is going to get seriously hurt.

I've had 3 bears in my back yard all at the same time a couple of times this year already and they won't take no for an answer...please be cautious and keep your trash in an inaccessible area and watch your dogs too.

- On another subject... we are moving along slowly but surely on our new Micro Filtration system for our town of Floriston. This new filtration system will eventually bring Floriston into compliance with the EPA (Environmental Protection Agency).

We are still on the Boil Water Order until our new system is installed and operating. Every quarter I post the notices on both bulletin boards in town, one at the mail boxes and one at the School house and we mail them to you too.

We are moving forward with our new system and very excited to see it completed soon.

Enjoy the Fall weather and until the bears decide to hibernate which is usually in late November please be safe.

My Best Regards to all...

Jerry Stinson  
FPOA President.
